LSV/NEV GROUP MEMBERSHIP MEETING MINUTES
TUESDAY, FEBRUARY 20, 2007
KILAGA SPRING PRESENTATION HALL – 10 AM

The meeting was called to order by Vice President, Roger Oldenkamp at 10:00 AM. Bob Nawman led the Pledge of Allegiance to the Flag. There were 65 in attendance.

The feature presentation program was a film entitled “Who Killed The Electric Car”, which was an expose and educational film on the development of the General Motors electric car the “EV-1”, and its demise. It was very enlightening, and sobering, on the power that the petroleum companies and auto manufacturers have over the US political system and the entire U. S. citizen population. The film also mentions the so-called development of the hydrogen powered auto, which appears to be a political football and is not to be realized in the near future.

Following the film, day trip coordinator, Gerry Lammerding reminded the members who are taking the Rail Trip on Wednesday as to the time for departure. Diane Maker, Social Events Coordinator announced that the new LSV/NEV logos are available on all items of clothing that the group has for sale, and to contact her if desiring to order an article.

There being no further business, the meeting adjourned at 11:45 AM.

Respectfully submitted,
Lillian Nawman, Secretary
